## Insurance

We advise that you consult your broker to ensure that your business is adequately covered. Required insurances:

- **Employers liability** is a legal requirement to cover you against claims for injury at work from employees, including part-time staff and trainees
- **Public and products liability** protection against claims for injury or illness caused to people other than employees and damage to their property. One of the most valuable covers you can have, it also covers claims related to your goods even if these claims arise long after the goods have been supplied
- **Professional indemnity insurance** provides protection against the financial consequences of making errors and omissions. Professional indemnity insurance is essential for any professional organisation that gives advice or provides services in a professional capacity.
